

## Datenschutz-Grundverordnung (DSGVO)

### PRIVACY POLICY

Responsible body within the meaning of data protection laws, in particular the EU Data Protection Ordinance (DSGVO):

Bioswisstec AG  
Ebnatstrasse 65  
8200 Schaffhausen  
Schweiz

Further contact details can be found in the imprint.

### Your rights as a party concerned

You can exercise the following rights at any time using the contact details provided by our data protection officer:

- Information about your data stored with us and their processing,
- Correction of incorrect personal data,
- Deletion of your data stored with us,
- Restriction of data processing if we are not yet allowed to delete your data due to legal obligations,
- objection to the processing of your data with us and
- Data transferability, provided that you have consented to the data processing or have concluded a contract with us.

If you have given us your consent, you can revoke it at any time with effect for the future.

You can contact your local supervisory authority at any time with a complaint. Your competent supervisory authority depends on your state of residence, your work or the alleged infringement. A list of supervisory authorities (for the non-public sector) with addresses can be found at:

[https://www.bfdi.bund.de/DE/Infothek/Anschriften\\_Links/addresses\\_links-node.html](https://www.bfdi.bund.de/DE/Infothek/Anschriften_Links/addresses_links-node.html).

For Switzerland <https://www.edoeb.admin.ch/edoeb/de/home.html>

### Purposes of data processing by the responsible body and third parties

We process your personal data only for the purposes stated in this data protection declaration. Your personal data will not be passed on to third parties for purposes other than those mentioned. We will only pass on your personal data to third parties if:

you have given your express consent,  
processing is required to process a contract with you,  
the processing is necessary to fulfil a legal obligation,  
the processing is necessary to protect legitimate interests and there is no reason to believe that you have an overriding interest worthy of protection in not disclosing your data.

### Deletion or blocking of data

We adhere to the principles of data avoidance and data economy. We therefore only store your personal data for as long as is necessary to achieve the purposes stated here or as provided for in the various storage periods provided for by law. After the respective purpose or expiry of these periods, the corresponding data will be blocked or deleted as a matter of routine and in accordance with statutory regulations.

### Collection of general information when you visit our website

When you access our website, information of a general nature is automatically collected. This information (server log files) includes the type of web browser, the operating system used, the domain name of your Internet service provider and similar information. This is exclusively information which does not allow any conclusions to be drawn about your person.

This information is technically necessary in order to correctly deliver the content you have requested from websites and is mandatory when using the Internet. They are processed in particular for the following purposes:

Ensuring a trouble-free connection of the website,  
Ensuring a smooth use of our website,  
evaluation of system security and stability as well as  
for other administrative purposes.

The processing of your personal data is based on our legitimate interest from the aforementioned purposes for data collection. We do not use your data to draw conclusions about you personally. The recipients of the data are only the responsible body and, if applicable, the contract processor.

Anonymous information of this kind may be statistically evaluated by us in order to optimize our Internet presence and the technology behind it.

### Disclaimer

#### Online content

www.bioswisstec.com is a service provided by Bioswisstec AG. The author accepts no liability for the quality of the information provided or for it being correct, complete or up to date.

Liability claims against the author relating to material or non-material damage resulting from the use or non-use of the information provided or the use of information that is incorrect or incomplete are precluded unless willful or gross negligence on the part of the author can be proven.

All offers are subject to change and are non-binding. The author reserves the right to change, add to or delete all or part of the online content without prior notice or to discontinue publication of all or part of the online content temporarily or permanently.

## References and links

The author can only be held liable for direct or indirect references to other Internet sites (links) that lie outside of the author's scope of responsibility if the author is aware of the content of the sites in question and he is in a position to, and has the technical capacity to, prevent the use of illegal contents. The author therefore expressly declares that the linked sites were free from illegal content at the time the links were created. The author has no influence on the current or future design or the content of the linked sites. The author cannot therefore be held liable for changes made to any sites after the links were created. The author has no influence on the current or future design, content or authorship of the linked sites.

This statement also applies to all links and references within the author's own online content and to entries made by third parties in links, discussion forums and mailing lists set up by the author. Any illegal, incorrect or incomplete contents, and in particular any damage or loss resulting from the use or non-use of such information, is the sole responsibility of the provider of the linked site and not the person who merely created the link to the publication in question.

## Cookies

We use so-called "session cookies" for technical control of the website. Once the session is over and the web browser application is shut down, these cookies expire automatically. Cookies are small text files that are transferred from a website server to your hard drive. This automatically provides us with certain data such as IP address, browser used, operating system and your connection to the Internet.

Cookies cannot be used to start programs or to transmit viruses to a computer. Based on the information contained in cookies, we can make navigation easier for you and enable the correct display of our web pages.

Under no circumstances will the data we collect be passed on to third parties or linked to personal data without your consent.

Of course, you can also view our website without cookies. Internet browsers are regularly set to accept cookies. In general, you can deactivate the use of cookies at any time via the settings of your browser. Please use the help functions of your Internet browser to find out how you can change these settings. Please note that some features of our website may not work if you have disabled the use of cookies.

## Use of font libraries (Google Web Fonts)

In order to display our contents correctly and graphically appealing across all browsers, we use Google Web Fonts (<https://www.google.com/webfonts/>) font libraries on this website. Google Web Fonts are transferred to your browser's cache to avoid multiple loading. If your browser does not support Google Web Fonts or does not allow access, content will be displayed in a default font.

Calling font libraries automatically triggers a connection to the library operator. In theory, it is possible - but currently also unclear whether and, if so, for what purposes - that operators of corresponding libraries collect data.

The privacy policy of the library operator Google can be found here: <https://www.google.com/policies/privacy/>

## Changes to our data protection regulations

We reserve the right to adapt this data protection declaration so that it always complies with current legal requirements or to implement changes to our services in the data protection declaration, e.g. when introducing new services. The new data protection declaration will then apply for your next visit.

## Questions to the data protection officer

If you have any questions about data protection, please write us an e-mail or contact the person responsible for data protection in our organization directly: [support@bioswisstec.com](mailto:support@bioswisstec.com)
